PUBLIC NOTICE

SEMESTER SYSTEM : B.A./B.Sc./B. Sc. Home Science/B. Com./BBA/BCA Students

In continuation to the earlier notices published in this newspaper on May 09, 2015 and May 17, 2015, this notice is further being issued for the information, record and reference of the public at large and those directly related with the semester system (i.e. students, parents and the college fraternity in particular), that the result of 1st semester examination, which was declared on May 05, 2015, has been evaluated, compiled and collated as per the standing norms, procedure and the standard practices in the matter by the University.

In view of the Divisional Administration intervention, an exercise by the University was ordered to be undertaken to be doubly sure about the authenticity of the result so declared and wherein a Committee comprising experienced academicians and senior officers was constituted to randomly recheck the whole exercise involving the preparation of the result and wherein it has been concluded that there is no evident flaw in the result as declared and as is being doubted by a few students indulging in protests. As there is no reason to believe that any mechanical or any other error has crept in, to the disadvantage of the students, the result so declared is as per the marks awarded by the evaluators and as per the performance of the students

Even then, the students desirous of taking advantage of the re-evaluation option can do so by **May 20, 2015 with a normal fee and by May 25, 2015 with the late fee**, as prescribed by the University for the purpose. The appearance, of such students who have failed in the 1st semester and want to appear in the 2nd semester examinations is **not impaired** by the result of the 1st semester and they are advised to avoid being misled by any one with an ulterior design and prepare well for their ensuing 2nd semester examination. However, those students who have failed to clear their 12th class even in the supplementary examination of the J&K BOSE/CBSE may refer to the detailed notice published in yesterdays newspaper i.e. May 17, 2015.

Also in view of some loss of time due to confusion created by certain elements in the matter and keeping the interest of the students at large in view and to give more time to the students to prepare, **the 2nd semester examination which was slated to be held on May 20, 2015 (Wednesday) only is hereby postponed and for which a fresh date shall be notified later.**

Further, the date, venue and the timing of the holding of the rest of the examinations shall remain the same, as per the already notified date sheet(s).
