UNIVERSITY OF JAMMU

NOTIFICATION
(10/July/ ADP/ 30)

It is hereby notified for the information of all concerned that the Vice-Chancellor, in anticipation to the approval of the Academic Council, has been pleased to authorize adoption of the revised Syllabi and Courses of Study in the subject of Geography for B.Sc. III of Three Year (General) Degree Course and M.Sc. 1st semester of Master's Degree Programme for the examination to be held in the years as under alongwith %age of change:-

### Adoption of the Revised Syllabi of B.A/B.Sc Part-III & %age of Change in each Paper/course Nos. For the examinations to be held in 2011, 2012 & 2013

The alternative question papers are required to be set as per the University regulation given as under:-

1. If the change in the Syllabi and Courses of Study is less than 25%, no alternative Question paper will be set.
2. If the change is 25% and above but below 50% alternative Question Paper be set for one year.
3. If the change is 50% and above on whole scheme is changed, alternative Question Paper are set for two years.

REGISTRAR
B.A./B.Sc. Part-III

Papers A, B & C

Syllabi and Courses of Study in Geography

For Examinations to be held in the Years

2011, 2012 and 2013
Syllabus for B.A./B.Sc. Part-III Geography
Paper-A Human and Resource Geography

Syllabi and Courses of Study in Geography for B.A./B.Sc. Part-III for the examinations to be held in the year 2011, 2012 and 2013.

40 Marks

Section-A (Human Geography)

Unit-I

1. Nature and Scope of Human Geography (1)
2. Determinism and Possibilism (1)
3. Approaches to the study of Human Geography (1)
   Quantitative and Behavioural
4. Spatial Distribution, Physical and Social Profile of Eskimos, Bushmen and Gujjars. (2)

Unit-II

1. Distribution, Density and Growth of World Population (2)
2. Concept of Over Population, Under Population, Optimum (2)
3. Demographic Transition Theory (2)
4. Migrations – Causes, Types and Consequences (2)

Section – B (Resource Geography)

Unit-III

1. Meaning, Nature and Component of Resources (1)
2. Classification of Resources: Renewable and Non-Renewable and Their Conservation (2)
3. Distribution and Types of World Forest (1)
Unit-IV

1. Factors affecting the Agriculture, Types of Agriculture, Distribution, Production and Conditions of Growth of Wheat, Cotton, Tea and Sugarcane. (2)
2. Distribution, Production and Types of Coal, Iron Ore, Manganese, Petroleum and Water Resources. (2)
3. Factors affecting the Localization of Industries (1)
4. World distribution of Iron-Steel, Cotton Textile & Automobile Industries (2)

Instructions for the Paper Setter:

The question paper shall comprise of two sections. Section A, and B. Section A shall be compulsory covering all the units of the syllabus and shall consists of 8 questions. Each question carries 2 marks, each answer should be limited to 50 words only. Section B shall comprise of 8 questions, spreading over 4 units of the syllabus having internal choice and the students shall have to attempt 4 questions in all. Each question shall be of 6 marks and answer should be limited to 300 words.

### Syllabus for B.A./B.Sc. Part-III Geography

**Paper-B Geography of Asia**

Syllabi and Courses of Study in Geography for B.A./B.Sc. Part-III for the examinations to be held in the year 2011, 2012 and 2013.

**Objectives:**

The objective of this course is to give an overview of the land, people and economy of the different regions of Asia, so that the students are aware of their neighbouring countries. In this process students would be abreast of the diverse geographical processes, in the ambit of which economic development of various countries of the world have evolved.

#### Course Content

<table>
<thead>
<tr>
<th>Unit-I:</th>

</tr>
</tbody>
</table>
Unit-3:

2. Japan – Main features of Agriculture, Localization of Industries and Industrial regions. (2)
3. Pakistan – Land and People covering Physiography, Climate, Distribution and Density of Population and Process of Urbanization. (2)
4. Pakistan – Main features of Agriculture, Localization of Industries and Industrial regions. (2)

Unit-4:

1. Contemporary Issues in World Geography: (2)
   a) Quantitative Revolution  b) GIS
c) Remote Sensing  d) Digital Cartography
2. GATT and Globalization (1)
3. World Summits on Environment (1)
4. Global Warming – Causes and Consequences (1)

Instructions for the Paper Setter:

The question paper shall comprise of two sections. Section A, and B. Section A shall be compulsory covering all the units of the syllabus and shall consists of 8 questions. Each question carries 2 marks, each answer should be limited to 50 words only. Section B shall comprise of 8 questions, spreading over 4 units of the syllabus having internal choice and the students shall have to attempt 4 questions in all. Each question shall be of 6 marks and answer should be limited to 300 words.

SYLLABUS FOR B.A./B.SC. PART – III
PRACTICALS

Course Contents: Marks: 25

Unit-I

Map Projections:
(i) General Principals
(ii) Classification
(iii) Choice of Map Projections

Unit-II

Construction, Properties, merits and demerits of the following map Projections:

(i) Cylindrical Map Projections
   (a) Simple Cylindrical Map Projection
   (b) Cylindrical Equal Area Map Projection

(ii) Conical Map Projection with one standard Parallel
    (c) Conical Map Projection with two standard Parallels

(iii) Zenithal Map Projections (Polar cases)
    (a) Zenithal Equal Area
    (b) Zenithal Equidistant

(iv) Conventional Map Projections
    (a) Sinusoidal Map Projection
    (b) Mercator’s Map Projection

Unit-III

(A) Statistics: Correlation Analysis
    (i) Person’s Product Moment
    (ii) Spearman’s Rank Correlation Coefficient

(B) Basic concept of:
    (i) GIS & Remote Sensing
    (ii) Computer Cartography
Unit-IV

(A) Surveying
   (i) Plane Table Survey (Intersection and Radial Methods)
   (ii) Socio-Economic Survey based upon primary data and writing of reports.

Note:

Plane Table Survey shall remain part of syllabus of B.A./B.Sc. Part-III upto annual examination 2008. From annual examination 2009 prismatic compass survey shall be introduced in Part-III and Plane Table Survey in Part-II

Instructions to the Paper Setters:

The Practical examination in Geography will be conducted in two sessions (three hours duration each). In the first session the question paper will be set among the three units of the syllabus where in 6 questions should be set i.e. 2 questions from each unit and the student will have to attempt one question from each unit. On the second session the question will be asked from Unit-IV (Surveying). Viva-Voce will be asked in the second session for through evaluation of the students.

Distribution of Marks:

08 Marks for surveying
12 Marks for other three units (4 marks for each unit)
05 Marks for practical note-book, report and viva-voce.

University of Jammu  
M.A./M.Sc. Geography, 1st Semester

Course No: 404                  Title: Quantitative Techniques in Geography  
Credit: 4                        Max. Marks: 100  
Duration of Examination: 3 hrs.    a) Semester Examination: 50  
                                   b) Sessional Assessment: 50

UNIT-I  
Significance of Statistical techniques in Geographic studies, Sources and Collection of Data, Tabulation of Data, Graphic representation: Histogram, Frequency Curve and Frequency Polygon.  

(12)

UNIT-II  
Measures of Central Tendency: Mean, Median, Mode. Measures of Variation and Dispersions: Crude Range, Quartile Deviation, Median and the Quartile, Standard Deviation.  

(12)

UNIT-III  
Correlation Analysis: Karl Pearson’s Product Moment and Spearman’s Rank Correlation. Scatter diagram: Test of Significance on Correlation Coefficient. Simple Linear Regression and Ordinary Least Square Method of fitting Regression Line: Coefficient of Determination.  

(12)

UNIT-IV  
Theory of Sampling: Types of Sampling: Sample units and design, Standard Error and Sample size, Testing and adequacy of Sample. Hypothesis testing: needs and types of hypothesis, goodness of fit and significance and confidence level. Chi-Square Test.

Course No: 405
Credit: 4
Duration of Examination: 3 hrs.

Title: Cartography
Max. Marks: 100
a) Semester Examination: 50
b) Sessional Assessment: 50

UNIT-I
Introduction – Trends in the development of cartographic techniques for descriptive, analytical and perspective aspects in the use of maps, maps and their significance.

UNIT-II
Thematic Cartography – Physical
1. Assessment of land quality by using different attributes in the evolution of landforms and measuring their association and special differentiation.
2. Land based resources and cover and land use.

UNIT-III
Thematic cartography – Socio-economic: Data sources and techniques of analysis of socio-economic data through the preparation of single purpose and composite maps.

UNIT-IV
Creation of spatial data base and application using GIS, remote sensing and computer cartography, preparation of spatial models in cartography and planning.

Note for Paper Setters:
The question paper shall contain two questions from each unit. Candidates shall be required to attempt four questions in all, selecting one question from each unit. All questions carry equal marks.
